

Secret Jesus Activity - Secretly share the meaning of the season!

You will need:

- smooth river stones (dollar store often has some)
- printable sheet – includes 45 Jesus Images
- mod-podge
- paintbrush

First cut out the images of Jesus.

Lightly brush the back of the image with mod-podge and place it onto the stone. Press it down to help remove any air bubbles or ceases.

Now paint over top the image. Be sure to cover the entire image. Also paint over the edges of the picture and around the picture. This will help seal it so the image is protected from the weather.

NOTE: This is NOT waterproof, but it does help!

Now let them dry. Once they are dry they are ready to use!

How to use these Jesus pebbles:

- Secretly, place them around your town! Place them on window sills, porches, sidewalks, steps, street furniture, or anywhere a passerby can find them.
- Place them around your house or party room before your Christmas party! Your guest will delight in seeing these little baby Jesus stones.
- At your Christmas party play a hid-n-seek game. Simply hid them and let the kids try to find them!
- Teachers: place them around your classroom or school for the kids to find.
- Youth groups can make and place these throughout town, church, the mall, etc.
- Give them as Christmas gifts!

Secret Jesus Activity

Cut out the Jesus images. Using a small amount of mod-podge, glue them onto a small stone. Then, paint over them with more mod-podge to seal the image to the stone. When they are dry, secretly place them around the house, class room, school, or your town. Then, others can find them and be reminded that Jesus is the reason for the season!
