

A Thankful Heart is a Happy Heart!

Thank you, God, for:

Write the things you want to thank God for in the heart on the first page. Then, color the “happy” heart below and cut it out. Be sure to cut on the line in the middle of the heart, too. Staple the “happy” heart to the “thankful” heart on the first page. Create flaps that open to reveal the things you are thankful for. There are staple spots marked on the “happy” heart.
